

# Georgia Law Man

## Poor Man's Poison

Capo III

Em G C C

Em  
Caught hell down on that county line  
G  
He said "Georgia law man, he ain't taking what's mine" and  
C C  
I know it came a little too soon, my dear

Em  
Cause he's been fighting his way through the southern states  
G  
With a bottle of whiskey and a few mistakes  
C C  
and then fell right into love with a girl named Grace

Em G  
He said "Well I died today when you took my breath away  
C C  
With that Oklahoma sunshine on your face  
Em  
and I'd find a way  
G  
To promise you forever even if  
C C  
Forever means I'm gonna have to sell my soul today"

Em  
So they rode together just a raising Cain  
G  
Cheatin' death outta them poker games  
C C  
and then knockin out the back door on the back way out of town

Em  
Well the marshal's boys never far behind  
G  
and then West Virginia had on the horizon  
C C  
He thought it best to let her know right now

Em  
 He said "we could have died today  
 G  
 But I loved you all the way  
 C  
 And I'd go right down to hell just to set you free  
 Em G  
 And I'd find a way to promise you forever even if  
 C C  
 forever means dying right here with you next to me."

Em  
 So when hell came down on that county line  
 G  
 And all they could remember was the Oklahoma sunshine  
 C C  
 She looked at him and he looked away

Em  
 He said "I heard West Virginia looks just like heaven  
 G  
 And right here's about as close as were getting and I  
 C C  
 I dont think were going to win this one today."

Em  
 We're gunna die today  
 G  
 but I've loved you all the way  
 C C  
 And I'd go right down to hell just to set you free  
 Em G  
 And I'd find a way to promise you forever even if  
 C C  
 forever means dying right here with you next to me
