Ryan Adams

| D | G D | D | A D |

D G D  
I don't remember were we wild and young  
D A D  
All that's faded into memory  
D G D  
I feel like somebody I don't know  
D A D  
Are we really who we used to be  
D A D  
Am I really who I was

G Bm  
The lights will draw you in  
G D A  
And the dark will take you down  
G Bm  
And the night will break your heart  
A  
Only if you're lucky now

D G D  
Waiting outside while you find your keys  
D A D  
Like bags of trash in the blackening snow  
D G D  
City of neon and toes that freeze  
D A D  
We got nothing and nowhere to go  
D A D  
We got nothing and nowhere

G Bm  
 The lights will draw you in  
 G D A  
 And the dark will take you down  
 G Bm  
 And the night will break your heart  
 A  
 Only if you're lucky now

G Bm  
 If the lights draw you in  
 G D A  
 And the dark can take you down  
 G Bm  
 Then love can mend your heart  
 A  
 But only if you're lucky now

G	A	Bm	G	A	Bm
